

Call for Posters

Poster Session & Exhibition

EMEA Event - Janssen-Cilag Latina, IT

The J&J Engineering Council is looking for Johnson & Johnson Engineers and STEM professionals to present posters at our interactive showcase featuring projects, new technologies, and other significant engineering achievements. This annual event is meant to highlight innovation and technical achievements in J&J. The showcase will be held at Janssen-Cilag Latina site in Italy. Specific details included below.

**Do you have an Engineering project
or technical achievement that should
be showcased?
If so, please submit your idea.**

Please submit a **poster topic** by **July 12th, 2019** (2 powerpoint slides which should not include non-confidential information)

Selected posters will be showcased at the **October 2nd, 2019** event and the top poster will be presented an award during the evening ceremony.
